

Professional Background

Stéphane Ranque is a Medical Doctor and Infectious diseases and tropical medicine specialist. He was trained in Internal medicine and Infectious diseases at the University Hospital of Stasbourg. He holds a master degree in Parasitology (epidemiology) and in Public Health (genetic epidemiology); the Medical Mycology certificate of the Pasteur Institute; and a PhD degree in Transmitted and Tropical diseases.

University and Hospital Appointments

Stéphane Ranque is Associate Professor of Parasitology and Mycology at the Faculty of Medicine, Aix- Marseille University, Marseille, France. There, he is Director in charge of the Parasitology and Mycology speciality in the Medical Biology residency program and Task Officer for International Relations. He coordinates the Tropical Medicine course unit of the Public Health, Society and Development Master.

He heads the Parasitology and Mycology unit at laboratory of the University Hospital Institute for Infectious Diseases and Tropical Medicine (www.mediterranee-infection.com) in Marseille, which delivers laboratory diagnosis of human parasitic diseases and mycoses and the surveillance of environmental fungal contamination.

Research

Stéphane Ranque leads the Tropical Eukaryotic Pathogens team of the VITROME (Vecteurs – Infections Tropicales et Méditerranéenne) research unit. His research interest includes malaria and medical mycology. He has co-authored more than 130 publications in the international scientific literature. He has been reviewer for the major of infectious diseases, clinical microbiology, parasitology and medical mycology journals. He is Academic Editor of *Mycopathologia*.
